

aT Center

aT Center is a place for international exchange as well as successful business opportunities, supported by the best service, networking and professionalism to be found worldwide. Our international standard exhibition and conference spaces are optimally adapted for any size and style of gathering, including exhibitions, conferences, seminars, banquets, events and performances. Offering state-of-the-art equipment, including simultaneous interpretation systems, AV systems and cold storage, aT Center is fully geared to assist international event planners regardless of their needs. In addition, the presence of a trade outpost with the Korea Trade Information Service Center, House of Trade and Export Promotion Center on its premises allows the center to provide a variety of export support, ranging from year-round exhibition of high potential export product promotion, counselling & trade partner mediation for foreign buyers, and provision of up-to-date overseas market information, all in a convenient one-stop service. aT Center is also placed in a highly accessible location in an agreeable setting. It brings together a wide range of convenient facilities in close proximity including parking, making it one of Seoul's most favored event spaces.
